

ENGINEERING & TECHNICAL SERVICES

CAPABILITIES STATEMENT

ORGANIZATION BACKGROUND

MJLM Engineering and Technical Services (MJLM) is a Small Disadvantaged Business (SDB) whose customer-base consists of Government Agencies heavily supporting Redstone Arsenal (RSA). Our niche markets are Prototyping, ATE/TPS Development, and Cable Fabrication. To support our efforts, MJLM has built a workforce of highly-trained Program Managers, Engineers, Logisticians, Technicians, and Administrative professionals committed to supporting MJLM's Government and Industry Customer requirements. We are ITAR, JCP, and ISO 9001:2008 certified as well as CMMI Level III compliant. Our Deltek CostPoint 7.11® accounting system is DCAA-/DCMA-approved. MJLM's mission is to provide innovative solutions in lifecycle logistics, with a focus on customer satisfaction, quality services, and risk mitigation!
